

INVITATION Q-PLACEMENTS.NET FINAL CONFERENCE:
19TH SEPTEMBER 2014, BRUSSELS, 10 to 12H

To present the results of the **European Project Q-Placements.net**, that is finishing this year 2014, we are organizing a **Final Conference** that will take place on **19th of September 2014** in Brussels (Conference room at headquarters of the Regione Emilia-Romagna. **Rue Montoyer,21**) **from 10 to 12 hores** in the morning. All the partners would be very glad if you could participate in this important event.

Q-Placements.net is a European host companies' network for the promotion of international workplace training for IVET students and apprentices.

The consortium is composed by 13 partners from 10 countries, covering an area of 747 IVET schools, 228.586 IVET students and 733.488 companies.

The network's members are coordinating organizations bringing a critical mass of high quality host companies. At our seem, this is one of the best ways to put trainees/apprentices and host companies from different and distant countries in contact, to raise awareness, to facilitate mobilities, to ensure quality and to follow up, acting as coordinating organizations for both sending trainees and for receiving foreign ones to be hosted at local companies.

Attached to this invitation you will find the **programme of the Final Conference**. You can also find more information in <http://www.q-placements.eu/>

Please **confirm your participation as soon as possible** at this email: nlopez@cambraterrassa.es
